

Are batteries covered by a warranty?

Batteries used in a commercial or professional application, such as taxis, driving instructors, emergency services, works vehicles, etc., are not covered by the full term of the warranty but instead come with a 6 month warranty. How does the guarantee work? The guarantee covers any manufacturing defects which arise within the guarantee period.

How long does a battery module last?

The battery module (P/N: US3000 and US3000C) shall apply for a ten (10) year time period after the date of the invoice and commencing from three (3) months after a product arrives at the delivery point or from the day of system commissioning, whichever comes first.

## 3.2. Performance Warranty

Is a car battery warranty transferable?

Your car battery guarantee isn't transferable between vehicles. Batteries used in a commercial or professional application, such as taxis, driving instructors, emergency services, works vehicles, etc., are not covered by the full term of the warranty but instead come with a 6 month warranty. How does the guarantee work?
