

How long will a battery pack last?

We guarantee that each battery pack will retain 70% use of its capacity for the less of either (i) 10MWh of energy throughput per 1kWh of usable capacity (which is equivalent to 5000 full cycles) at 90% DOD (excludes 8.2kWh and 9.5kWh batteries as they have unlimited throughput) (ii) a period of 10 years from initial installation date.

What is a battery pack warranty?

In the event energy throughput into (or from) the Battery Pack flows to a 3rd party or whereby such energy is activated or controlled by a 3rd party, the Battery Pack warranty will be limited to 'Fair Usage' levels equal to 10,000 cycles for consumption purposes only at the installed premises.

What is a battery capacity warranty?

As batteries charge more and more their capacity to hold a charge gradually decreases. Capacity warranties set a threshold, usually in terms of a percentage of the original capacity (e.g., 70% or 80%), and guarantee that the battery will retain at least that much capacity over a specified time and mileage.

How long does a car battery last under warranty?

For example, if a battery is replaced under warranty at the 5-year mark of an 8-year warranty, the replacement battery should be covered for the remaining 3 years or until the original warranty's mileage limit is reached, whichever comes first.

Is it normal to lose battery capacity over warranty period?

Most warranties cover capacity loss of the battery to 70 percent. This means that a 30 percent loss in capacity over the warranty period is considered normal. However, it's essential to note that every new-vehicle warranty is different and contains exclusions and exceptions.

What does an electric car battery warranty cover?

An electric car battery warranty will normally cover the replacement or repair of the battery if it experiences issues during the warranty period. It will cover things like manufacturing defects, workmanship issues, and capacity degradation beyond a specified threshold.

We use brand NEW lifepo4 battery cell for all of our battery packs, not cycled battery cell. Top quality, 6 years warranty. We provide 6 years warranty for all of our battery packs. Long battery life > 6000 cycles. DOD > 90% @ 25°C, ...
