

How many capacitor suppliers are there?

Find 1,271 Capacitors suppliers with GlobalSpec. Our catalog includes 105,655 manufacturers, 20,972 distributors and 94,412 service providers. The GlobalSpec database includes 62,169 manufacturers and 16,221 distributors headquartered in the United States.

What are the top ranked capacitor companies?

This section provides an overview for capacitors as well as their applications and principles. Also, please take a look at the list of 42 capacitor manufacturers and their company rankings. Here are the top-ranked capacitor companies as of January, 2025: 1. CDE, 2. Vishay Intertechnology, Inc., 3. United Chemi-Con.

Who makes optimal power capacitors?

CDE, founded in Liberty, SC in 1909 is a manufacturer of optimal power capacitors. The company's product portfolio includes electrolytic capacitors, mica capacitors, AC film capacitors, DC film capacitors and Power Factor Correction Capacitors.

What is a capacitor & how does it work?

A capacitor is a passive device on a circuit board that stores electrical energy in an electric field by virtue of accumulating electric charges on two close surfaces insulated from each other. This is a list of known capacitor manufacturers, their headquarters country of origin, and year founded.

Why are capacitor manufacturers important?

Most older companies were founded during the AM radio era, which includes the World War II era and post war era. As the demand for advanced electronics continues to grow, the role of capacitor manufacturers becomes increasingly vital, supporting crucial domains like consumer electronics, power systems, automotive technology, and telecommunications.

What are the different types of capacitors?

Other types include ceramic, mica and paper capacitors. Large industrial versions serve to store energy, to correct machinery power factors and to start motors. Choice will depend on capacitance, tolerance, polarity and working voltage. Receive updates on this section every two weeks.

**Top MLCC Manufacturers.** The major MLCC manufacturers globally are primarily concentrated in Japan, South Korea, Taiwan (China), and mainland China. Japanese companies hold a dominant market share of 56%, significantly ahead, while mainland Chinese MLCC manufacturers account for approximately 7% of the global total.

Founded in 2005, RayMing technology is one of the largest manufacturers of SMD capacitors. Additionally, the company deals with the manufacture of other electronic components. ...

Contact us for free sample. HONGFARAD is one of the most professional film capacitor manufacturers in China, featured by customized products and good service. ... Low or no ...

Quick Quote Form. Please fill in the form below and we will get back to you as soon as possible. Alternatively you can call us on +44 (0)1493 652752 or email sales@api-capacitors .

Established in 2006, Located in Jinzhou City, Liaoning Province, China. It is one of the most professional supercapacitor manufacturers in China. Jinzhou Kaimei Power Co., Ltd. is a ...

Inviting Applications for Dealership in Karnataka for Supercapacitors and Capacitors. Please contact us: (+91) 7012182582 || Hon. Chief Minister of Kerala Sri. Pinarayi ...

WHO WE ARE AND WHAT WE DO QULITY MADE IN CHINA - SUPPORT MADE IN EUROPEJianghai Europe Electronic Components GmbH is the European sales organization of the ...

Keltron has established the first ever commercial supercapacitor production facility in India. It is the first company with completely automated equipments for production of supercapacitors and ...

Contact. Thailand"s Largest Capacitor Manufacturer. Thai Seika Electric Co.,Ltd. Specializing in Electrolytics Motor Starting Capacitors. Learn More &gt; Grounded in Trust, Powered by Quality. With over 20 years of experience, we specialize in providing customisable, top-quality capacitor to customers. Our commitment to quality and reliability ...

Capacitor manufacturers "LEAGUER" with over 20 years of experience, high quality Aluminum Electrolytic Capacitors with excellent ripple current, extended life, low ESR, high reliability ...

AVX Manufacturing (Malaysia) Sdn Bhd. AVX is a leading international manufacturer and supplier of a vast portfolio of advanced electronic components, including: capacitors, inductors, filters, resistors, couplers, diodes, and circuit protection devices, as well as a broad range of innovative sensor, control, interconnect and antenna solutions.
