

The market for solar components is dominated by Chinese firms. India imported \$2.16 billion worth of solar photovoltaic (PV) cells, panels and modules in 2018-19.

In an effort to establish local solar manufacturing capabilities, South Africa has imposed a 10% import tariff on solar PV module and cell imported into the country. Previously, these products were exempt from import duties. The legislation was signed by the country's Finance Minister, Enoch Godongwana, on June 28 and took immediate effect.

In the HTS tariff system, the duty for solar cells assembled into modules or made up into panels (code 8541.40.60.15) is also 0%. Such an attractive duty makes it profitable to import ...

As of January 2023-24, China accounted for 53% of India's solar cell imports and 63% of solar PV module imports. Manufacturing Capacity Disparity: China holds a ...

Does India rely on solar PV imports? India significantly depends on imports to fulfil its solar cell and module requirements, with China and Vietnam being the primary suppliers. Over the past five years, India imported solar cells and modules worth approximately \$11.17 billion, constituting 0.4% of India's total exports during this period

DOC releases preliminary determination into AD investigation on imported solar cells and panels . The tariffs proposed range from 21.31% to 271.28%, with a large number of companies in Vietnam exposed to these . Trina Solar, Jinko Solar, and JA Solar are on the list; final determinations are expected on April 18, 2025

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 17-18 June 2025, will be our fourth PV ModuleTech conference dedicated to the U.S. utility scale solar sector.

India's imports of PV cells (not assembled in modules) in the first half of fiscal 2023-24 stood at \$1,005.07 million, compared to \$1,310.28 million for the 12 months of fiscal 2022-23.

Section 201 Cases: Imported Large Residential Washing Machines and Imported Solar Cells and Modules. Documents: Investigation No. TA-201-75 (CSPV Cells) USTR Solar Cells 201 FRN FR 52764. USTR Solar Cells 201 FRN FR 49469. Section 201 - Request for Additional Information. Interagency TPSC Hearing Transcript. Interagency TPSC Hearing Witness List

In FY 2021-22, the HS Code 85414011 was retained for Solar PV Cells and new HS Code 85414012 was brought in for Solar PV Modules. Subsequently, from FY 2022-23, the Solar PV Cells and Solar PV Modules (other than those exclusively used with ITA-1 items) are put under HS Codes 85414200 and 85414300

respectively.

Data up to January 2023-24 from the Ministry of Commerce's Import-Export database revealed that 53% of India's solar cell imports and 63% of solar PV modules were from China. ... Introduction of significant customs duties on imported PV modules (40%) and cells (25%), though these were later reduced due to the impact on project costs and ...
