

Is it time to change a car battery?

There are certain things that can show that it may be time to change your car battery: These can include the age of the battery, slow engine cranking, dim headlights, electrical issues, a swollen battery casing, or a build-up of corrosion on battery terminals. How long does an electric car battery last?

Do car batteries need to be replaced?

Over time, car batteries can degrade and lose their ability to hold a charge, requiring replacement. Visiting a local garage or contacting a mobile mechanic are good ways to keep your battery in top condition. Alternatively, you can keep your car battery in its best shape through the annual service. Help! My car won't start, what do I do?

Is it safe to change a car battery?

Even though this is a step a lot of people skip, it's important to take precautions to make sure you'll be safe while changing your car's battery. It's not uncommon for batteries to leak an acid liquid that can injure hands and eyes if you're not wearing the necessary protection goggles and gloves.

How to replace a car battery safely?

To replace a car battery safely, turn off the engine, disconnect the negative then positive battery terminals, remove clamps or attachments, and lift out the old battery before cleaning and installing a new one. Proper disposal of an old car battery is essential - take it to a recycling centre or auto parts store to avoid environmental harm.

Should I buy a new car battery?

If the battery has reached the end of its service life, it's time to buy a new one. Sometimes car batteries can be recycled which is, of course, the more environmentally friendly option. Take your car battery down to your dealership or whichever establishment it was bought from and enquire about a new one.

How do you change a car battery?

Find a safe place to work that's well away from traffic, sparks, open flames, or water. Engage your parking brake and turn your vehicle off. Remove the keys from the ignition to ensure no power is going to the battery. A garage or driveway is a good place to change your battery.
