

Rubycon Corporation is a Japanese developer and manufacturer of capacitors and related products that was established in Nagano as Nihon Denkai Seisakusho in 1952 before ...

MECO S.r.l. since 1977 it has been designing and manufacturing capacitors in metallised polypropylene film, electrolytic capacitors, single-phase and three-phase capacitors, and ...

UfCapacitors is one of the professional suppliers in China. We We mainly produce Ceramic Capacitor, Tantalum Capacitor, Varistor. The quality is guaranteed, please rest assured to ...

Our all-Italian technology guarantees durable and efficient products, accompanied by a specialized technical service, able to propose quick and safe energy saving ...

Our Super Capacitor Spot Welding machine is designed for high-efficiency and precision spot welding of super capacitors, offering a reliable and cost-effective solution for your energy ...

Based in Taiwan, Viking Tech Corporation is one of the prime Capacitor manufacturers since 1997. And their products are used throughout automotive, electronic device applications. ...

Italiano (Italian) ????? (Hebrew) ??? (Japanese) ??? (Korean) ... ICAR is a leading manufacturer of capacitors and medium voltage power factor correction. ICAR controls with its ...

Kendeil is an Italian factory with over 40 years of experience in manufacturing high quality large can aluminium electrolytic capacitors and power film capacitors. Actual production range spreads from large can screw terminal type ...

Overall, these top capacitor manufacturers have a combined market share of approximately 60%, indicating their dominance in the industry. Customers can rely on these manufacturers for high ...

ITELCOND is a historic Italian company which has since 1976 been manufacturing high-capacity aluminium electrolytic capacitors for applications requiring a high level of quality. Our product ...

For over fifty years, we have been designing and manufacturing capacitors and power factor correction equipment of the highest quality, to reduce energy waste through power factor compensation. Our all-Italian technology guarantees ...
