

Can chemstore store lithium ion batteries?

Chemstore, the hazardous materials experts, have added a fire-proof case for the safe storage and transport of lithium-ion batteries to their lithium-ion battery storage range. The Zarges K470 battery box is a high quality aluminium container which is suitable for up to 3 lithium ion batteries of 814 Wh.

What is a lithium ion battery box?

Lithium Ion Battery Box for storing and transporting defective or damaged lithium batteries in accordance with P 908. The BSK-1 is Chemstore's latest offering for lithium-ion battery box storage. Some key features of the BSK-1 are: PyroBubbles: Pouches of extinguishing beads that melt and oxygen starve a potential battery fire.

Are lithium ion battery cases fireproof?

However, just as critical to the success of your lithium ion battery packaging /cases, is that of the interior. As standard, the fireproof battery boxes are supplied with "CirruX" interior padding, which helps to contain any fires within the specific compartment where it occurs.

Which chemstore battery box should I buy?

Chemstore already offers an outdoor storage option for lithium-ion batteries (the ElectroVault) and an indoor storage option (the ION-LINE) so the Zarges K470 battery box is the perfect addition to the range.

Do I need to ship lithium ion batteries?

If you need to ship lithium ion batteries - and with their use in vehicles, tools and consumer devices becoming ever more prevalent - it is important you use correctly specified, UN 3480 approved lithium battery packaging / cases.

What are lithium ion batteries used for?

Lithium ion batteries are the power source for ever greater numbers of products, with everything from phones and MP3 players, to batteries for industrial equipment and even electrical cars using them due to their efficiency, cost, and performance.
