

What is the £500 discount on solar & battery installations?

"With an incredible £500 discount on solar and battery installations for the first 500 customers, we look forward to helping more customers install solar technology in their homes as the country progresses towards a greener future."

Does GivEnergy offer a discount?

As such, the installer should pass on the discount to their customer. GivEnergy reserves the right to amend these terms at any time. Cut your energy bills this winter with our half-price inverter offer. Buy a selected battery, and get a 50% discount on its inverter.

Does GivEnergy offer a full price inverter?

We have an amazing deal for you. To help billpayers take back control during the winter energy price hike, we're running a HALF-PRICE inverter offer from October 7 - December 31, 2024. The hot new offer applies when you buy a low-voltage GivEnergy system comprising inverter plus battery.

How will Britain benefit from a new era of clean electricity?

Working people will benefit from a new era of clean electricity, as the government today unveils the most ambitious reforms to the country's energy system in a generation, to make Britain energy secure, protect households from energy price spikes, reindustrialise the country with thousands of skilled jobs, and tackle the climate crisis.

Does EDF's new energy tariff offer a daily off-peak discount?

EDF's new energy tariff also offers daily off-peak discounts. EDF has launched a new solar tariff featuring daily off-peak discounts, zero standing charges, and no exit fees to help "significantly" reduce customers' energy bills.

What is the UK energy plan?

The plan will provide the foundation for the UK to build an energy system that can bring down bills for households and businesses for good.
