

New energy batteries have a lightning logo

What can Lightning do for You?

Lightning offers high-quality LiFePO4 prismatic cells, NMC cells, LTO cells, LFP batteries, BMS, for DIYers, installers, RVers, and provides professional distributed energy storage systems, inverters, solar panels and energy solutions for residential house owners and commercial business owners around the world.

Does Lightning have a store?

Lightning has two sub-brand official stores, Battery Finds and GoKWh. And at the same time we are now expanding our reach to portable solutions to power the outdoor enthusiasts, emergency preppers, consumers and professionals alike.

What's new at Neu battery materials?

Today, NEU Battery Materials is introducing our transformation with a new look, featuring a completely redesigned logo and brand. Beyond aesthetics, it's a new identity and platform that showcases our pioneering approach to extracting critical metals from lithium batteries. Why now?

Who is lightning (Dongguan Lightning)?

Lightning (Dongguan Lightning New Energy Technology Co., Ltd.) is your reputable renewable energy product and solution supplier since its foundation in 2017 and is committed to "Providing the best product and service to allow customers more competitiveness".

Why should you rebrand neu Battery materials?

NEU Battery Materials stands out in the industry by utilizing electricity to drive the recycling process. We are also one of the only recyclers focused on solving the Lithium Iron Phosphate (LFP) recycling challenges. Rebranding allows us to better convey this distinctiveness.

What makes neu Battery materials unique?

In the rapidly expanding battery recycling landscape, we believe there is a premium placed on clearly articulating our technology and value proposition. NEU Battery Materials stands out in the industry by utilizing electricity to drive the recycling process.
