

Shizhu Industry Overseas Agency Energy Storage Project Bidding

How did EPC bidding affect large-scale projects?

Large-scale projects, particularly those exceeding 500 MWh and even GWh-level, saw a significant increase in EPC bidding announcements. State Power Investment Corporation (SPIC) led with a bidding volume exceeding 7 GWh. Energy storage system bid prices hit a record low

How many energy storage systems have been installed in 2024?

Over 1.5 million residential systems have been installed, with over 400,000 added in the first three quarters of 2024. Join us in Beijing, Apr 2025, get connected with investors, EPC, OEM, researchers, and everything related to energy storage. Should you have any inquiries, feel free to send email to conference@cnesa.org, or register directly.

What was the average bid price for non-hydro energy storage systems in Q3?

In the first three quarters, the average bid price for domestic non-hydro energy storage systems (0.5C lithium iron phosphate systems) was 622.90 RMB/kWh, a year-on-year decline of 50%. While bid prices remained relatively stable in the first half of the year, they reached a historic low of 578.11 RMB/kWh in Q3, particularly in September.

What is the China energy storage Alliance Auxiliary Service Committee?

In this process, the China Energy Storage Alliance is preparing to establish an auxiliary service committee, which will provide think tank support for all parties in the industry, and jointly promote energy storage to participate in related work in the auxiliary service market.

What is Malaysia's first large-scale energy storage project?

On December 23, local time, Malaysia's first large-scale electrochemical energy storage project, the Sejingkat 60 MW Energy Storage Station, successfully connected to the grid. This milestone represents a significant achievement in China-Malaysia green energy cooperation.

What's new: Chinese manufacturers of batteries used in energy-storage projects should double down on their overseas expansion as they face a supply glut and fierce ...

On October 30, State Grid Hunan Comprehensive Energy Service Co., Ltd. issued a bidding announcement for four renewable energy bundled energy storage projects in ...
