Why is LiFePO4 battery so popular in Singapore?

Here's why this battery stands out in the Singapore market: 1. Long Cycle Life: Experience up to 3,000 cycles with our LiFePO4 battery, compared to the 250-300 cycles of traditional lead-acid batteries. This extended lifespan means fewer replacements and reliable performance even after long periods of inactivity. 2.

What is a good temperature for a battery in Singapore?

Excellent Temperature Performance: With a peak heating value of 350-500°C and an operating temperature range from -20°C to 80°C, our battery performs reliably in Singapore's varied weather conditions, unlike lead-acid batteries which operate effectively only between 20°C to 50°C. 6.
