

How many batteries does a BYD be 6 have?

The carmaker has confirmed that the BE 6 electric SUV comes with two battery packs- 59kWh and 79kWh,both using lithium iron phosphate (LFP) chemistry. Both batteries are benefited with BYD's Blade cell technology. The smaller battery pack delivers a claimed power of 228bhp, and an ARAI-certified range of 556km on a single charge.

How much does a be 6 cost?

The BE 6 is available in three broad variants: Pack One, Pack Two, and Pack Three. For reference, the starting price of the BE 6 is Rs 18.9 lakh(ex-showroom). The BE 6 features all-LED lighting, including horizontally placed headlights and C-shaped LED DRLs.

How much battery does a be 6e have?

Just like the bigger 9e, the BE 6e gets 2 battery options - 79 kWh and 59 kWh. The bigger 79 kWh battery pack is mated to a 282 BHP motor and the smaller 59 kWh battery pack is mated to a 228 BHP motor. The motor is mounted on the rear axle and powers the rear wheels only. Enthusiasts don't relate to EVs as fun vehicles.

Does Mahindra be 6 have a battery pack?

Mahindra has not yet revealed whether both battery packs will be available across model lineup or vary by variant. Mahindra claims that BE 6 can be charged from 10 to 80 percent in just 20 minutes via a 175kW DC fast charger. The OEM is also providing a 11.2kW AC and 7.3kW AC chargers as standard (can be brought separately).

When will be 6 Pack 3 be available?

The bookings for the top-spec BE 6 Pack Three will commence on February 14, while bookings for the other two variants will begin in March. The deliveries are expected to start by March as well. The BE 6 will be available in three variants: Pack One, Pack Two and Pack Three, though prices for the mid-spec trim have not yet been announced.

What is the difference between a BYD battery and a WLTP rated battery?

Both batteries are benefited with BYD's Blade cell technology. The smaller battery pack delivers a claimed power of 228bhp, and an ARAI-certified range of 556km on a single charge. The larger battery pack promises a range of 682km (ARAI-certified) and 550km (WLTP-rated).
