

What are solar roof tiles?

Solar roof tiles are slightly different to other types of solar technology as they blend seamlessly with your roof while providing your home with green electricity. This makes them the perfect match for people who want to benefit from cheaper energy bills and renewable energy, but don't like the look of solar panels.

How much do solar roof tiles cost in the UK?

Solar tiles in the UK cost between £11,000 - £13,500 for the average 2-3 bedroom home while regular solar panels can cost between £5,000 - £6,000. The biggest appeal of solar roof tiles is their aesthetically pleasing design. They blend in with the design of your roof and, therefore, won't disrupt your house style.

Can solar panels be installed on roof tiles?

Solar panels and roof tiles are two standard options in solar energy applications. Solar panels installed on roof tiles or slates are a mature green energy solution in the UK.

Do solar roof tiles cost more than conventional solar panels?

However, as the solar business develops, we anticipate this will soon change. Solar roof tiles in the UK can cost twice as much as conventional solar panels because it is a relatively new technology, but the like occurred with traditional solar panels, and the costs are expected to fall.

How much does a solar roof cost?

As a rough guide, solar tiles are at least twice the price of solar panels. For an average home (requiring 3KW of solar power), a solar roof could cost £10,000 to £15,000. Fitting solar panels to the roof would cost just over £6,000. Because solar tiles are less efficient, it would take longer before energy savings see a return on investment.

Are solar roof tiles a viable alternative to solar panels?

Additionally, solar roof tiles are becoming a viable and more aesthetically pleasing alternative to solar panels in the UK. They're also suitable for homes in listed buildings or conservation areas. This article explores the basics of solar roof tiles in the UK and helps you understand how they differ from traditional solar panels.
