What is a fully electric vehicle?

Fully electric vehicles. Also known as 'battery electric vehicles' (BEVs), they run only on electricity, using a rechargeable battery to power the vehicle, and as such have zero tailpipe emissions - a key factor if reducing your environmental impact is important to you.

How much does a luxury electric car cost?

While luxury electric cars command higher price tags due to advanced features and premium materials, there are plenty of economical choices available, such as the Nissan Leaf (£28,495) and the Fiat 500e (£28,195). What Is the Most Expensive Electric Car?

How much does it cost to charge an EV?

It all depends on the size of your car's battery, how often you use it, the energy tariff you're on and how much you use public charge points. But as an example, charging a Nissan Leaf from empty to full once a week (which would give you about 160 miles) would cost about £140 a year on the cheapest EV tariff.

Each BEV comes with the following information: model, type, price, useable/nominal battery capacity, WLTP range (with the EV Database real-world range estimate in brackets), acceleration time for 0 to 100 km/h, ...
