

## Where to buy lithium battery direct in Buenos Aires

How many companies are involved in a lithium project in Argentina?

These are some of the findings from a report prepared by the consulting firm Aleph Energy, led by Daniel Dreizzen, which analyzes the global lithium market while delving into Argentina in greater detail. These are the 41 companies of various characteristics that participate in the country's 64 projects.

Is Arcadium lithium still produced in Argentina?

Arcadium Lithium, the firm that resulted from the merger between Livent and Allkem, two of the three companies that were already producing lithium in Argentina, accounts for 13% of global production. Output has quadrupled in the last ten years, but is still attributable to only a few countries and projects. Another Argentine Unicorn on the Horizon?

How much lithium will Argentina produce in 2040?

If Argentina manages to bring all of projects to production, the country would produce up to 1.5 million metric tons of lithium carbonate equivalent per year, exporting around US\$30 billion. This scenario could be achieved by 2040, according to Dreizzen's estimates.

Where is lithium found in Argentina?

In the Argentine case, these resources are concentrated in three northern provinces: Catamarca, Salta, and Jujuy, which stand out due to the low impurity concentration found in their lithium.

Which Argentine sites produce lithium hydroxide and lithium carbonate?

Two Argentine sites, Salar de Hombre de Muerto and Salar Cauchari - Olaroz, are already producing lithium hydroxide and lithium carbonate, and are among the top three with the highest lithium concentration in the region, behind Salar de Atacama in Chile. They are also among the top three with the lowest impurities.

Where are lithium companies based?

Furthermore, there are also national oil companies that have ventured into local lithium in recent years (Pluspetrol, Integra, PAE, Tecpetrol). These companies have headquarters in several countries, including Australia, Canada, South Korea, China, the United States, France, among others.

100AH Lithium battery cycle life up to 6000 cycles at 80% DoD - Cost per cycle - 20c - A 78% saving over AGM . ... Battery Direct NZ Ltd | Terms of Trade Telephone: 0800 12volt (0800 128 658) | FAX: 09 424 8179  
Physical address: Gulf Harbour Marina, Hibiscus Coast Postal address: BatteryDirect, PO Box 907, Whangaparaoa 0943 ...
