

# Which brand of portable solar charging panel is the best

Which solar charger is best?

The BigBlue SolarPowa 100 ETFE was the best value, providing great charging speed, light portability, and a low price tag. If you need to charge a phone or camera, see our portable solar charger review, which compares smaller and more packable panels.

What are portable solar panels & solar battery chargers?

Portable solar panels and solar battery chargers are easy-to-use devices that provide backup power to anyone who happens to be away from a working power outlet, including hikers, car campers, and even people looking to keep their devices running during a power outage at home.

Are portable solar chargers a good idea?

Portable solar chargers don't have this problem, and as long as the proper conditions are met, they can provide a practically unlimited supply of electricity for your mobile devices, flashlights and battery packs or portable chargers. Compact and lightweight, they're perfect for camping, travel and emergency use.

Which portable charger is best?

Both the Anker portable charger and Nekteck portable charger fell a little short of the Big Blue, our overall winner (see review above). Either offer a great value, but we think the Big Blue has the most to offer for the money. Anker 21 Watt Powerport Solar Charger Weight: 14.7 ounces Solar Cell Output Capacity: 21W

Which solar charger is best for camping?

The Goal Zero Nomad 50 is a larger solar charger that also wins our award for Best Solar Charger for Car Camping and Best Solar Charger for Basecamping and our Best Upgrade Solar Charger award. At 50 watts, it's the biggest and heaviest solar charger we tried.

How much does a portable solar charger cost?

Specifically for this buyer's guide, we conducted online research and identified over a dozen portable solar chargers ranging in price from \$30 to \$649. After careful consideration, we narrowed down the candidates to a handful that we tested in real-world conditions.

Best for charging in any weather: BigBlue 3 USB Ports 28W Solar Charger - \$74.99, Amazon Best for charging in low light: ANKER 625 Portable Solar Panel - \$249, Currys
